Welcome to **GEOS LA-Costa Mesa**

What happened last month

2 Thai holiday group joined GEOS Costa Mesa!

GEOS Costa Mesa was happy to have the opportunity to host 2 groups, total of 30 students, from Thailand for 4 weeks. They came from Bangkok and it added a nice nationality mix to our school. The students were able to exchange culture and learn something new. Thank you for coming and we look forward to seeing you again soon-

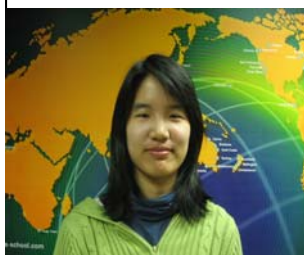

Since we came to GEOS Academy, we met a lot of friendly people. The manager of the school, Mr. Ed, who always made us speak in English. Jennifer and John taught us how to speak English and did fun activities. We felt happy and excited so much when we became one of the GEOS students. We will always remember everything at GEOS. It will be in our memory forever!

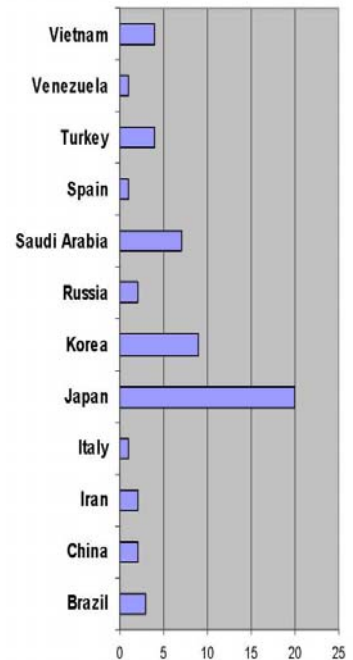

Aun and Tense from Thailand

My name is Mai and I'm from Thailand. During my visit here, I made lots of new friends not only with the people in my group but also the people from other countries. We shared experiences, cultures, and other interesting things that we did. It was an eye opener for me. I visited many places and learned a lot of things. It had been a great experience here in Costa Mesa.
