Welcome to GEOS Costa Mesa –Orange County

Hello from GEOS staff

Best picture of the month

There were so many internationally known events going on that our students were busy! In February, our student went to see the Oscars in LA. They were very excited to see so many famous celebrities at one time from Brad Pitt to Angelina Jolie and Miley Cyrus, you name it. Also, whether you are baseball fan or not, many of our students enjoyed the World Baseball Series held in March. The semi final was held in Petco Park and final in Dodger Stadium. The students went and cheered for their countries victory.

Patricia goes to Oscars 2009 in Los Angeles

I've had the idea of going to the Oscars since I came here. So I was really excited when I finally had the opportunity to go during my study here. I went to Hollywood with my friends and there were so many people! We stayed up all night looking for a place and I even thought about going home because I was so tired. Finally we found a place to stay! Around 3 o'clock in the afternoon, the celebrities started to arrive on the red carpet. We were shouting and taking lots of pictures. I saw all the famous people that I wanted to see, such as Angelina Jolie and Brad Pitt. Although it was such a brief moment to see the celebrities, I had so much fun and I am happy that I saw all of them. I'd love to have this experience again.

What GEOS Students did in March

World Baseball Classic

Luckily, while I was studying at GEOS, I had the opportunity to see the semi-final game between Korea and Japan. I knew that I would regret missing this game so I went with my friend. I was so thrilled to see the game and when it actually started, the stadium was filled with supporters' waving. I shouted and cheered for my team and finally Korea defeated Japan, 4 to 1! I will never forget this amazing feeling that I had that day, I am so lucky that I had the chance to experience this moment.

President Obama visits Costa Mesa!!!

On March 18, President Obama visits Costa Mesa for the first time to give his speech. His chopper and the decoy choppers were seen from the school and everyone got excited!

Local Report-Turkish Restaurant

Turkish Restaurant "Doner G"

Want to get a taste of authentic Turkish food? Then without a doubt, go to Doner G restaurant. They serve middle eastern food and the taste is excellent. Not to mention that it is affordable for students. They have a buffet every Thursday so you can try out lots of different kinds of Turkish food! You will love it!!!
